SUMMARY

Enthusiastic and motivated junior front-end developer with hands-on experience in various programming languages and frameworks. Passionate about entering the professional tech industry, with a strong concentration in Cyber Security. Committed to building secure and efficient software by combining cybersecurity principles with programming expertise.

EDUCATION

Informatics, Cyber Security Concentrated **Sept 2023 - Present**
President University, Cikarang
GPS 3.88/4.00

WORK EXPERIENCES

Web Developer Intern, PT Kurnia Ciptamoda Gemilang **Sept 2025 - Present**
Managed weekly frontend updates for Charles & Keith and Pedro websites using HTML, CSS, and JavaScript. Integrated a custom Llama (LLM) chatbot to automate and enhance customer support. Created user guides and technical articles to help users navigate the platform effectively.

Head of External Relation, PUMA IT **Sept 2024 - Sept 2025**
Led partnership strategies, managed stakeholder communications, and oversaw events with external parties. Guided a team to ensure smooth execution and alignment with organizational goals.

Staff CX&IR AIESEC Future Leader, AIESEC in PU **Feb 2024 - Feb 2025**
Improved customer experience by engaging with delegates, addressing their needs, and resolving complaints. Gathered feedback, enhanced communication, and optimized service delivery.

PROJECTS

LUNAR AI — Mobile Chatbot Application
Developed a mobile application integrating the OpenAI API to deliver real-time, personalized chatbot interactions enhanced by multiple sensor inputs. Contributed to the project by designing intuitive UI/UX layouts and implementing an SQLite database for efficient local data management.

Melomaniac — Web Application
Developed a MERN stack web application that integrates with the Spotify API, allowing users to attach music tracks to digital notes. Engineered a unique ID retrieval system, enabling users to generate shareable codes to search, track, and view specific notes instantly.

SKILLS

HTML	Java Script	UI/UX
CSS	Leadership	Teamwork
Problem solving	Java	Critical & analytical thinking
